Note: Province 31 is currently inactive with no active chapters or colonies.

As you may notice, this ranking sheet has been formatted differently than past sheets over the last year. To read it, find your province number on the far left and follow the row to see your overall ranking in each of the three areas (total chapters, active chapter/colonies and inactive chapters). Additionally, each area shows your original ranking from June 2008 (one year ago) and your percentage at that time. This you to see what progress your province has made in the last year.

If you are interested, an Excel file can be provided forward to you to allow you the ability to sort columns for any additional comparison you would like.
